

CARBON NEUTRAL COMPANY

HMS Bergbau AG Group supports the following UN goals for sustainable development:

HMS Bergbau AG Group

Participant ID: DE-2526-0910

Valid until: 10.09.2021

This certificate guarantees that the reported quantity of 310 tons CO₂ has been saved in Gold Standard tested climate projects.

HMS Bergbau AG Group has acquired shares (certificates) in climate protection projects corresponding to the calculated volume of CO₂ and therefore plays a transparent part in the realisation of the projects. This ensures that the company compensates for its own CO₂ emissions, and thus scales back the rise in global warming.

The projects have been certified, and the issue and closure of the certificates is registered transparently.

HMS Bergbau AG Group is therefore a voluntary participant in emissions trading, and thus makes a contribution to maintaining a viable environment by reducing the emissions of greenhouse gases. The holder of this certificate makes a sustainable contribution to the commitment to tackle global warming.

Frank Huschka
